“Stumbling Upon Hope”

Luke 24:15-35

Imagine the very first Sunday. Many people had still not gotten over what took place on Friday at this point. In fact, the followers of Christ were having a very difficult time putting their lives back together. Many of them had scattered – hopeless. That third morning there were a lot of stories circulating. In Luke 24 we are told about 2 men who were followers of Jesus on their way back to Emmaus, and as they were talking about what took place, trying to make sense of it all. They were encountered by incognito Jesus – little did they know they were encountering Hope Himself.
